About Centro

Centro Hispano of Dane County (Centro)'s mission is Empowering Youth, Strengthening Families, Engaging the Community. Our vision is that Dane County, Wisconsin will be a community where Latinx families can aspire upward, to reach their personal goals and dreams because they feel engaged and strengthened with the tools for success.

The agency was founded in 1983 by a group of community volunteers, including Ilda C. Thomas, who also served as the agency’s first executive director, to meet the emergent needs of Cuban refugees recently settled in the area.

As the Latinx community throughout Dane County grew and diversified over the years, so did Centro’s programs and services. In 2006, Centro became the owner of an 18,000 square foot facility at 810 West Badger Road in the heart of Madison’s south side. The agency is now the leading non-profit agency serving Latinx in the county and serves an average of 2,500 families and over 6,000 individuals through its programs and services each year.

About our events

Centro Hispano of Dane County’s mission is Empowering Youth, Strengthening Families, Engaging the Community.

One of the most significant ways we live out our mission is through our events -- we host over 100 events a year that bring our community together with allies and supporters in a variety of different settings. **Events are central to how we satisfy the third pillar of our mission - Engaging the Community.**

From small gatherings, to press conferences, program graduation ceremonies, pop-up art galleries, an annual celebration now in its 32nd year, and community events like the Tres Reyes Celebration which draws 500+ children and their families each year -- Centro is regarded as an important space for the Latino community to gather.

Events are regularly covered by press and social media, well attended by the community and its supporters, and provide meaningful opportunities for individuals to interact and connect with the Latino community in Dane County.
