

## **A Message from Karen Menéndez Coller, Executive Director of Centro Hispano of Dane County**

Centro Hispano of Dane County fully supports a clean, permanent solution, for Dreamers and ALL immigrant families. DACA has helped youth in our community access education and employment, contribute to the greater Dane County community, and, most importantly, to live without fear that they will be ordered to leave the country they call “home.”

We appreciate the strong support of the City of Madison, County of Dane, and allies across the states as we continue to work alongside a community that deserves better. We count on our elected officials, community organizations and all friends and allies to stand together to support our youth. Our youth and their families deserve better than a life in limbo. DACA symbolically ends today – attempts at bipartisan legislation have failed and now our families are left to rely on court injunctions requiring the renewal of existing DACA permits to be resumed, but which could end any day.
